

## FISH HOSE PVC

### Recommended Use:

Heavy duty suction & discharge hose suitable for fish transfer and general water applications.

### Features:

- Suitable for both pressure and suction applications.
- Light weight and flexible.
- Smooth bore to minimise flow resistance.
- Raised helix provides easy drag.
- Clear sidewall permits visual check of material flow.
- Temperature Range -25° C and 65° C

### Construction:

**INNER TUBE:** Clear smooth PVC- abrasion resistant.

**REINFORCING:** High tensile textile cord with black anti-shock rigid PVC helix.

**OUTER COVER:** Clear smooth PVC- abrasion resistant.

PRODUCT CODE	ID (mm)	OD (mm)	WORKING PRESSURE @ 20°C	WEIGHT KG/M	BEND RADIUS (mm)	ROLL LENGTHS (m)
