

## GREY DUCTING (PVC)

### Recommended Use:

Light duty vacuum and transfer of air, fumes, dust, powders & sawdust. Used on chemical sprayers for chemical/air mist transfer.

### Features:

- Light weight & flexible.
- Easy to bend.
- Smooth bore for smoother transfer of material.
- Working temperature range of -20°C to +60°C

### Construction:

- INNER TUBE:** Smooth Grey PVC.  
**REINFORCEMENT:** Rigid PVC helix.  
**COVER:** Corrugated Grey PVC with external rigid helix.

PRODUCT CODE	ID (mm)	ID (inch)	Weight (kg/m)	BEND RADIUS (mm)	COIL LENGTH (m)
