

## YELLOW AIR/WATER HOSE

### Recommended Use:

Nail guns, stapler machines and pneumatic tools where ease of movement is required without kinking, also used as a heavy duty water delivery hose.

### Features:

- Good flexibility even at low temperatures.
- Complies to Australian Standard AS2554 – Class B.
- Abrasion, ozone, hydrocarbon, and fire resistant.
- Available in antistatic.
- Designed for ease of reeling.

### Construction:

**INNER CORE:** Black PVC with smooth finish.  
**REINFORCING:** High tenacity polyester yarn.  
**OUTER COVER:** UV stabilised yellow PVC with a ribbed finish.

PRODUCT CODE	ID (mm)	OD (mm)	WORKING PRESSURE (psi) / Bar	COIL LENGTHS (m)
