

INSERTION RUBBER NR

Recommended Use:

Commercial grade cotton reinforced natural rubber sheet. Used extensively for flange gaskets on pipes and tanks, dust seals and covers, insulation strip and general-purpose rubber sheeting & sealing applications.

Features:

- Excellent flexibility and abrasion resistance.
- Hardness, Shore A 65-70.
- Elongation @ break- 250% (min).
- Specific gravity 1.55 G/CM3.
- Tensile strength 3.5MPA (min).
- Temperature range of -0°C to +65°C.
- Reinforced with 1 or 2 layers of fabric for increased strength.

Construction:

REINFORCEMENT: Single or multiple layers of cotton fabric.

COVER: Black NR/SBR.

PRODUCT CODE	THICKNESS (mm)	WIDTH (mm)	PLY	ROLL LENGTH (M)
TINR-1	1.5	1200	1	10
TINR-3	3	1200	1	10
TINR-4	4.5	1200	2	10
TINR-6	6	1200	2	10
TINR-9	9	1200	2	10
